About the changes

THE COUNCIL IS INTRODUCING A NEW WAY OF COLLECTING YOUR RECYCLING, AND WE NEED YOUR HELP TO MAKE IT A SUCCESS.

Over the past few years we have made excellent progress in increasing the amount we recycle, but we are still falling short of reaching our targets.

In 2013/14 we recycled 48% of the waste we collected. Our target is to recycle 58% by 2016. We need all our residents to take part in our new recycling service in order to achieve this.

FOR 2013/14 WE ARE FACING POTENTIAL FINES OF £224,000 FOR THE SHORTFALL IN OUR RECYCLING TARGETS AND £24,600 FOR EXCEEDING OUR LANDFILL ALLOWANCE

What is being changed?

RECYCLING

Most residents will have an old green recycling box or a new black box. Please continue to use these. We have also delivered a new black sack for recycling cans and plastic. Use the handy table to find out what waste items goes where.

CONTAINER	WHAT TO PUT IN IT?	WHEN IS IT COLLECTED?
Blue reusable recycling sack (new)	Cans & plastics	Every week
Black/green Recycling box*	Paper	Every week
Black/green Recycling box*	Glass bottles & jars, Cardboard	Every week
Blue food waste containers	Food waste	Every week
Green reusable sack	Garden waste	Every two weeks

*All new recycling boxes are black, but some residents may still be using their green recycling box, this will still be collected.

WHEELIE BIN

Households have been issued with a 140 litre wheelie bin which will continue to be collected fortnightly.

LAST YEAR IN MERTHYR TYDFIL THE AMOUNT OF WASTE SENT TO LANDFILL WEIGHED THE SAME AS 820 DOUBLE DECKER BUSES.

Step 2

Line your kitchen caddy with the bag.

Step 3

Place any food waste into the caddy, taking care to remove any packaging.
